

NEW YORK, NY, FEBRUARY 22, 2019

Experts' Choice Awards 2019 recognize the best in travel

This year's awards are based on 1.5 million reviews written by travel professionals

We're excited to announce today the winners of our [2019 Experts' Choice Awards](#). 10,520 hotels, restaurants and attractions will be receiving the award.

Now in its fourth year, Experts' Choice continues to be unique in the industry for being based on professional reviews. Our sources are travel guides, magazines, newspapers and leading blogs. All reviews are written by people who have travelled extensively in the relevant area and who can provide reliable and unbiased advice.

Since our 2018 awards season, we've deepened our coverage in several key areas, including Asia and Eastern Europe, and added over 20 new destinations. We've also incorporated reviews from new publications like LOST iN, goop, and The Nudge.

"We've been extremely pleased with how the industry has responded to the awards," said Chris Blume, Chief Content Officer. "Last year, thousands of winners proudly shared their news on social media and by posting press releases and adding *Experts' Choice* badges to their websites. We're looking forward to working closely with our winners again this year."

More information

Information for winners

Winners will be notified by email and can be verified on our Experts' Choice site. We've prepared a press release for each winner, which we encourage you to add to your website and share on your social media. You're also eligible to display our electronic and hard copy "Experts' Choice" badges and certificates. To get your badge, click "Venue Support" from your page on TripExpert. There is no cost to participate.
